

Florida Animal Control Association

Chemical Immobilization Instructor Application

REQUIREMENTS

1. Must be certified in Chemical Immobilization by FACA.
2. Must be employed by a FACA member agency or organization.
3. Must have Chemical Immobilization experience of three years or more.
4. Must agree to adhere to the methods and philosophies of Chemical Immobilization outlined in Florida State Statute 828.27, the Chemical Immobilization Certification manual provided by FACA, and the FACA Policy Statements pertaining to Chemical Immobilization.
5. Must stay current with information pertaining to Chemical Immobilization as it becomes available by reading published articles, panel reports, etc.
6. Must include a letter stating why applicant wants to be a FACA Certified Instructor.
7. Must include a letter of recommendation from the member agency where employed.
8. Must make every effort to attend FACA's Annual Instructor Meeting.

I, _____ hereby apply to be a FACA Certified Chemical Immobilization Instructor in accordance with the above criteria for such instructors and understand that if I violate these established standards, I will be subject to having my certification permanently revoked by the FACA Board of Directors.

I AGREE to all of the above.

I have performed _____ chemical immobilizations in the last two years.

On average, I currently perform _____ chemical immobilizations per month.
