The following is a Member Support Survey, initiated at the request of a FACA Member. If you can help, please click here now: ["Member Support"](#)

Hello,

Going over bite investigations as we've closed on another year, we have noticed an increase in reported/investigated animal bites, domestic and/or wild animal vs. human. We are looking for any current and/or historical data over the last three years in regards to bite investigations.

Thanks for your cooperation,
