The following is a Member Support Survey, initiated at the request of a FACA Member. If you can help, please click here now: ["Member Support"](#)

Hello,

Does your agency conduct owner same or in family bites. If so, can you explain how you handle each one.

Does your agency follow up with citations to the owner of the animal after they are returned to them from the local animal shelter, such as at large, shots, tags?

How many animal bites does you agency handle per year?

Thanks in advance,
