### *Citrus County Sheriff's Office*

The following is a Member Support Survey, initiated at the request of a FACA Member. If you can help, please click here now: ["Member Support"](#)

Hello,

Our agency is looking for a new company to purchase dog boxes / transport units for our trucks and are wondering what other agencies are using, as well as a few other related questions:

1. What type ACO animal transport units does your agency utilize? (Frame Mounted, Slide-In Units, Vans)?
2. Are your units air conditioned / vented/ both?
3. Is the AC unit parasitic to the truck's A/C or is it a self-contained unit?
4. When you purchase new transport units, are they installed in your county or do you drop ship the truck to the manufacturer or deliver it somewhere for installation?
5. What is your replacement schedule for the transport boxes?
6. When your units require service or repair, who does it?

Thanks in advance for your help!
