Hello,

City of Jacksonville's Animal Care and Protective Services is considering changing their operating hours and would like to gather data so we can produce the best adoption results. If possible, can you please provide data for the 2017 calendar year (January 1 through December 31) regarding the following:

- Operating hours and days you are open to the public for adoptions: (For example, Tuesday through Sunday 11 AM – 7PM)
 - How did you determine these are the best operating hours and days?
 - Are there reasons why you cannot choose different operating hours?
- Total number of adoptions for calendar year 2017?
- Which holidays are you open for and which holidays are you closed for?
- Can you share any additional data regarding peak adoption times?
