Q1 What agency do you represent?

Palm Beach County Animal Care and Control

Q2 What County is your agency located within?

Palm Beach

Q3 Have you done a comprehensive community survey/evaluation regarding animal service/pet needs in your community?

We have not.

Q4 Do you have any information on demographic studies in terms of service area growth, estimated human and pet population for 3-5 years, income associated needs for service, strategic plan based on community needs, etc.

No, but we do target our programs with the goal of reducing shelter intake. We map all of our animal intake and apply for grant funding to provide low cost spay neuter to the specific areas where high intake has been identified.

Q5 Do you have any additional insight or information that you can share?

Not that I know of.

Q6 Can we contact you directly if we have more questions, if so what is your name, email address and/or phone number?
