Q3 Pinellas County is exploring the use of Volunteer ACO's similar to the Sheriff's Office volunteer program. These individuals will assist with enforcement of the licensing compliance program. Does your agency have a similar Volunteer ACO program currently?

Other (please specify):
No, but we tried several years ago, unfortunately it did not work out

Q4 If so, are they certified as ACO's?

No

Q5 Do you allow them to write any type of citations?

Other (please specify):
The expectation was that they would write warnings only

Q6 Is there any other feedback on your program that you can share?

Our program required them to use their own vehicles, as our Risk Management Department will not allow volunteers to drive County vehicles. At the time, we also could not provide cell phones or radios, so there were serious safety concerns and the program died. If we were allowed to let them drive our vehicles, we would consider it once again.

Q7 Can we contact you directly if we have more questions, if so what is your name, email address and/or phone number?

Q6 Is there any other feedback on your program that you can share?

This program has been a tremendous benefit. We started it 2 years ago and have a small group of volunteers that work 6 days a week. They do calls like picking up cats in traps and friendly dogs, drop off and pick up paperwork, shuttle animals to local vets from the shelter, etc. which frees up ACO's for cruelty investigations, bite calls, aggressive animals, etc.

Q7 Can we contact you directly if we have more questions, if so what is your name, email address and/or phone number?
