Hello,

We are doing a little information gathering relating to animal abuse registries and were hoping that other agencies could assist us:

Which jurisdictions in FL have passed laws that create an animal abuse registry?

If a registry has been created, what is the language of the ordinance or the cite where it is codified for reference.

If there are any forms, procedures, or policies that are related to the implementation or maintenance of the registry, can these be shared?

Thanks for your help! We appreciate all that you do.
