The following is a Member Support Survey, initiated at the request of a FACA Member Agency. If you can help, please complete a very brief survey at the following link: [Member Support](#)

Hello,

I am looking for information on ordinances that may be in place to limit the amount of animals a resident may own. Our current ordinance states there can only be a total of 5 pets (combination of dogs and cats) per household. Could you please share how your ordinance is written and what number of pets are allowed in each residence.

Thank you
