FACA Member Needs Your Help!

Collier County Domestic Animal Services

The following is a Support Survey, initiated at the request of a FACA Member Agency. Please take a few minutes to click on the following link and answer a few questions: [Member Support \[report.mnb.email\]](mailto:report.mnb.email)

Hello everyone,

Collier County Domestic Animal Services is trying to find how other agencies handle their enforcement responses and investigations. Does your agency have written Policy and Procedures, Standard Operating Procedures, written processes, official written instructions, or anything else regarding enforcement?

We are specifically looking for if your agency has anything in writing, and if not, why? If your agency does have written guidance, who is involved in creating, writing, approving, and finalizing?

We are also requesting agencies who are willing to share any of their written enforcement procedures, policies, etc., to provide copies. This can include dangerous dog investigations, nuisance complaint investigations, cruelty/neglect investigations, animal bite/attack investigations, noise complaint investigations, breeder violations, county licenses or rabies complaints, etc.

Thank you,

Darcy Andrade
Director

Domestic Animal Services Division
7610 Davis Blvd, Naples, FL 34104
