FACA Member Needs Your Help!

Osceola County Animal Services

The following is a Support Survey, initiated at the request of a FACA Member Agency. Please take a few minutes to click on the following link and answer a few questions: [Member Support \[report.mnb.email\]](#)

Hello everyone,

Is there any government operated animal control program that is not part of the Sheriff's Department but has field calls dispatched via 911?

If so, can you please let me know how that is working for you? How calls are routed? Do you have dispatch support at the shelter or emergency dispatch center?

Any additional information you have to add is greatly appreciated.

Thank you,

Kim Staton, Director
Osceola County Animal Services
