FACA Member Needs Help!

Pinellas County Animal Services

The following is a member support survey, initiated at the request of a FACA Member Agency. If you can help, please click on the following link to participate in a brief survey: [Member_Support\[report.mnb.email\]](mailto:Member_Support@report.mnb.email)

Hello everyone,

Is your agency performing Return To Field on feral cats in your jurisdiction?

If so, when did you start your program?

How did you communicate the new program to your community?

How has it affected your intake rate?

How has it affected your euthanasia rate?

What do you do with feral cats that do not have a valid address of origin for return?

Who in your agency performs the actual return and release of the cat?
